## Two Saved By Rescue Squad

Possible tragedy was averted Sunday by the quick action of two cabin owners and the Sierra Madre Search and Rescue Squad.

Two boys, Ronald Ferris and Jerry Bensen, both 19, of Pomona, decided to climb the cliff north of Sturtevant Falls and became stranded about 60 yards from the top. They were on a hiking trip sponsored by B'nai B'rith.

Two cabin owners in the area, Ralph Conway and Lewis Lubert, saw the stranded boys. Mr. Conway called the Rescue Crew while Mr. Lubert tossed a rope down to the boys.

The Rescue Crew left Chantry Flats at 1:05 p.m. and arrived at the scene 50 minutes later. Earl La Lone was lowered down the cliff and tied ropes around the boys. Other members of the crew hoisted them to safety.

Aiding in the rescue, in addition to Mr. La Lone, were Hubert Herick, Bill Adams, Fred and Edward La Lone, Howard Miller, Jon Matthews, Charles Raddon and Bill Wark.

RECIPIENTS OF life memberships in the Sierra Madre PTA are shown receiving their honorary cards during the annual Founders Day Dinner last week. The two awards winners, center, are Lewis McClelland, who was cited for his long and distinguished service to the Boy Scouts, church affairs and civic activities, and

Mrs. Florence Nielsen, school secretary for the past 15 years who "always answers everybody's question with a smile." Presenting the awards are Marcus Woodward, also a life member, and Mrs. Kenneth Carlson, life membership chairman.

## Local PTA Nominates New Officers

Mr. and Mrs. Charles Fretz were renominated without opposition for president of the Sierra Madre PTA at the annual Founders Day dinner last week in the school cafeteria.

A program, which included the awarding of two life PTA memberships, a string trio and a What's My Line type of panel show followed the dinner meeting.

During the evening, the PTA discussed plans to make arrangements with the management of Cinerama to present a special performance of Cinerama Holiday at the Warner Theater, 6433 Hollywood Blvd., on March 9 at 10:30 a.m.

A special price of 90 cents a seat has been established to students, parents, school faculty members and adult escorts. Mrs. Fretz said that only a limited number of tickets are available. Tickets may be obtained at the Sierra Madre School office.

Other officers nominated at the meeting are Mr. and Mrs. Gordon MacDonald, first vice president; Mr. and Mrs. Malcolm Birch, second vice president; Mr. and Mrs. James Dunnagan, third vice president; Dr. and Mrs. John Murphy, fourth vice president; Mr. and Mrs. Edward Riggins, recording secretary; Mr. and Mrs. Henry Rose, treasurer.

Also, Mr. and Mrs. George Fleming, corresponding secretary; Mr. and Mrs. William Keith, parliamentarian; John Forney, historian, and Jack Walker, auditor.

Other nominations may be made from the floor during the election meeting, the date of which will be announced later.

THE LONG over-due bus for the Sierra Madre Elementary Schools was finally received last week. Supplied and maintained by Embree Buses of Pasadena, the new vehicle is the latest in design. Receiving the keys to the bus is, at left, School Superintendent Charles A. Skutt. Also shown are the bus driver, Frank Jerome, and Alvin Embree.

## Council Asks Further Canyon Fill Study

A more detailed study of a proposed canyon fill project was demanded by the City Council at its meeting Tuesday night.

Melvin L. Bowman, 655 Fairview, has submitted plans to the Council to fill in about 15 mountain-side acres along Mt. Wilson Trail Road. His specifications have raised objections from residents of the area who are worried about flood control and other aspects of the canyon fill.

Several councilmen pointed out that the method by which this canyon is developed is expected to set a precedent for the future development of other similar areas in Sierra Madre.

MAYOR Charles H. James seemed to express the feelings of councilmen when he told Mr. Bowman:

"We are not trying to hinder your job. We just want to put in adequate safeguards."

As matters now stand, Mr. Bowman will have to hire a qualified engineer to make a detailed study of the area and submit it to the Council. Included in the study will be specifications on the method of fill, the way in which drainage will be affected, Mr. Bowman's plans for the ultimate use of the property, the method of ingress and other details.

These points were covered in a motion by Lorne Pratt, which was passed unanimously.

MR. PRATT, in analyzing the problem, said that only four properties below the fill would be directly affected. Other properties are above it, he said, and objections in these cases must apparently be based on the aesthetic and nuisance viewpoint.

"Mr. Bowman," Mr. Pratt said, "has every right to de-

velop his own property, providing he doesn't interfere with other properties."

Mr. Bowman protested the Council's action, particularly that portion which requires him to hire an engineer. He said that City Administrator Lawrence C. Bevington, who also is the city engineer, has studied his plans and has written a report approving them.

"Since I'm being a guinea pig on this job," Mr. Bowman said, "why can't the City pay the engineering bill?"

Mayor James replied that it is customary in cases like this for the applicant to support the cost of engineering studies.

Mr. Bevington said officials from the County Flood Control District have seen Mr. Bowman's plans and believe his proposed method of fill is adequate. Forest Service officials, however, have not yet studied the plans, but are expected to do so within the next few days.

Mrs. Gladys Carter, one of several property owners from the Mt. Wilson Trail area who attended the meeting, thanked the Council for the consideration its members have shown in studying objections to the proposed canyon fill.

IN OTHER ACTION, the Council:

1. Voted to clear a walkway from Canon to Coburn along the north side of Sierra Madre Blvd. after a petition from area property owners requesting a sidewalk is filed with the City. More than 50 per cent of the residents already have approved the construction of a sidewalk, but the petition has not yet been filed.

2. Approved a business license exemption for the Community Nursery School and British Home, both non-profit organizations.

3. Referred a report from Police Chief Gordon McMillan on the banning of horror comic books to the proper state official. Chief McMillan said the banning of horror comic books, while such action may not forestall juvenile delinquency, is possibly a step in the right direction.

A move was started recently in the State Legislature to forbid the sale of horror comics on the newsstands.

4. Referred to the city attorney a request from the Parking Commission that a flexible ordinance or other suitable measure be adopted restricting parking on the N. Baldwin city lot to three hours.

## Car Rolls Across Baldwin, Hits Parked Auto

A 1954 Cadillac with two small children in it rolled backwards from its parking place on Kersting Ct. Tuesday afternoon and crashed into a parked car on the east side of Baldwin.

The car, owned by William J. Hirsch, 1435 Oaklawn Rd., Arcadia, hit the auto owned by Lawrence Gonzales, 283 W. Sierra Madre Blvd. No one was injured.

Police speculated that the young children may have released the gear shift on the Cadillac. The car's brakes were in good working order.

## Merchants Prepare for Dollar Days

A total of 41 Sierra Madre merchants are getting ready for "Dollar Value Days" March 7, 8 and 9.

The event, sponsored by the local Chamber of Commerce, is being designed to offer the buying public unusual and worthwhile values during the three-day sale.

Almost every type of merchandise sold in Sierra Madre, from groceries to carpet sweepers, will be offered at reduced prices.

Robert H. Green, president of the Chamber, said that you can save money and time by shopping locally, especially during the sale. In addition, the three new city parking lots provide plenty of room close to the shopping area to park your car.

Mr. Green also pointed out that every time you purchase an item in Sierra Madre on which you pay a sales tax, you are helping to make Sierra Madre a better place to live. "Currently, 25 per cent of your sales tax money spent locally is being earmarked for a new municipal swimming pool and recreation area."

## Car Club Sets Meet With Council

The Sierra Madre Coordinating Council will meet with members of the Clutchers Car Club, a group of teenage boys, at a meeting at 8 p.m. March 5 in Room 12 of the Sierra Madre School.

Members of the club, a group of teen-age boys whose hobby is automobiles, will outline club activities. The Clutchers Club is assisted by the Sierra Madre Police Department.

## Red Cross Sets Kickoff Rally Monday

The kickoff rally for the 1957 Red Cross Drive volunteer workers of Sierra Madre has been scheduled for Monday at 10:30 a.m. at the Sierra Madre Woman's Clubhouse. Instruction and training of the workers will be conducted.

Col. Charles R. Gildart, fund campaign chairman, has expressed the necessity of having every doorbell in Sierra Madre rung for this campaign, because of the high goal of \$6,910 set for the local drive.

"I wish to emphasize to the people of Sierra Madre that the campaign for Hungarian Relief Funds held earlier this year does not apply to the present annual drive," said Col. Gildart. "I wish also to ask that local residents, when making contributions at their places of business outside of Sierra Madre, designate the funds for the Sierra Madre Chapter of the American National Red Cross."

A luncheon meeting of team captains for the volunteer workers was held last Monday at the Hillcrest Restaurant. Plans and final arrangements for the drive were made.

Team captains this year who attended the luncheon were Mrs. L. C. Appleford, E. F. Beard, Wm. Bowers, Paul Burton, R. F. Flicker, Carl Hansen, W. H. Kendrick, J. W. Moore, Harold Pangborn, Emile Smith, H. R. Wood and Miss Mabel Kay.

Messrs. Carl Hansen, Carl Engler, and Dick Lees, who will solicit funds from local businessmen, also attended.

### PAPER DRIVE

The Ascension Parish School here is planning a paper drive Saturday. It was announced yesterday. Anyone with papers or rags to pick up should call Elgin 5-1530 before Saturday.

# Board Defers Action On Religion in School

## World Day Of Prayer March 8

This year's observance of the World Day of Prayer will be held March 8 in the Sierra Madre Methodist Church, starting at 10 a.m. This will be the seventh year that the Sierra Madre-Hastings Ranch area has observed the religious function.

The speaker will be Mrs. Mildren Cranston, the well-known church woman, who will talk on "Who Shall Separate Us?"

Each year the World Day of Prayer service is planned by church women in a different part of the world. The material this year came from behind the Iron Curtain. Services in other years have been written by women in Argentina, India, Africa, Germany, China, Wales, England, Ireland and by the American Indians.

Women of Bethany Church, the Methodist Church, First Church of Christ, Scientist, Church of the Ascension, the Congregational Church and Trinity Presbyterian Church will take part in the service.

Each church will be represented in the choir, which will be directed by Mrs. Robert N. Schaper, wife of the pastor of Bethany Church. Mrs. Barbara Brown Kori-sheli, a member of Trinity Church, will provide violin solos for the prelude and offertory.

## 'Scratch-and-Smear' Art? But After All!

By Al Suman

There are still a few days left for the art-minded people of Sierra Madre to take in the Drawing and Print Show currently hanging in the Community Gallery of the Public Library.

On second thought, why bother.

The pieces shown are all drawings or prints of various types, gotten together by members of the California Watercolor Society to show what they can do in other mediums than that signified by the title of their club. In other words, water color is their forte and these are not.

From the appearance of the physical condition of the mats, and the pictures themselves, the show has already travelled too far. It should now be recalled to winter quarters and refurbished.

IN ONE respect this exhibition is very educational. It demonstrates to what extent people in the arts will go to imitate a fad. Many of these pictures are of the "Scratch and Smear" School of Art, started by certain so-called modernists in certain Paris localities about the turn of the century.

For them it was a bonanza.

## Heart Drive Nears Goal

Volunteer workers collected 75 per cent of the \$1,100 goal on Heart Sunday, Feb. 24. Mrs. Bernard Tumilty, area chairman, announced yesterday.

Mrs. Tumilty said the quota may be filled by mail contributions, since there will be no callbacks at houses where no one was at home. All mail postmarked Sierra Madre will be credited to this area.

In Los Angeles County nearly \$250,000 was collected, with 50 of the 166 communities and districts yet to report.

## Benefit Here Saves Family Service

The success of the recent Hjoridis Parker benefit performance here has virtually assured the reactivation of Family Service in Sierra Madre.

The benefit netted more than \$700, Mrs. Susan Waterbury, who was in charge of publicity, announced. Only \$644 was necessary to renew the local chapter's contract with Pasadena headquarters of Family Service.

Mrs. Waterbury said she and most everybody else connected with the benefit were overwhelmed at the outstanding response.

## Awaits Full Report Of Citizens Group

A packed meeting of the Board of Education started and ended on a quiet note Monday night as action on the question of religion in the public schools was deferred pending a final report from the citizens group selected to study the problem.

Approximately 60 persons jammed the small meeting room while the Board secretary, Mrs. Martha Coutant, read the following statement from Rev. Robert N. Schaper, committee chairman:

"Your Advisory Committee on Religion in the Schools met last evening (Feb. 20). It was agreed that an acceptable expression of the unanimous feeling of the committee, at this time, was the same as stated in the Ministerial Association's letter of Feb. 6, 1957, to the School Board.

"The statement was: 'WE BELIEVE there is a proper place within the public school life for presentation of religious concepts and values, without violating the rights of any religious group.'

"We also respectfully suggest that the School Board defer any further action on the resolution until the full report of this committee is in your hands.

"Our study of the problem continues. Our next meeting is scheduled for Thursday, Feb. 28, 1957."

The Board was informally polled by Dr. Milton Valois, chairman, and all members

agreed to defer action until the report is in.

Later, after the Board had quickly gone over other items on the agenda, Jack Atkinson, a member of the Advisory Committee appointed by the PTA, said he personally had "urged prompt and resolute action" by the committee and was "disappointed that more conclusive results" were not ready for the Board.

LOYD SCHRAMM, 249 Wilson, wanted to know "how long the committee is going to drag this thing out."

He was answered by Frank Barbour, also a committee member from the PTA who said the group is "most anxious to get the job done."

Mrs. James W. Fenwick, 501 N. Grove, complimented the School Board on its devotion to its work and thanked Board members for the good job they have done.

Only one other member of the audience, Vincent Garvin, spoke. He requested a reading of the state and federal constitutional amendments that apply to religion in the school. Mrs. Nathan Jacobs, a member of the Board, read the well-known First Amendment and then the following passages from the State Constitution which are applicable:

"NO PUBLIC money shall ever be appropriated for the support of any sectarian or denominational school, or any school not under the exclusive control of the officers of the public schools; nor shall any sectarian or denominational doctrine be taught, or instruction thereon be permitted, directly or indirectly, in any of the common schools of this state.

"The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall forever be granted in this state. . . ."

While Mrs. Jacobs was reading, someone muttered: "But that's only an opinion."

IN OTHER action the Board regretfully accepted the resignation of Mrs. Mavis Brown, fourth grade teacher for the past year who is leaving at the end of the school term to join her husband in Palmdale.

School Superintendent Charles A. Skutt reported that the cafeteria, after five months of operation, is approximately at the break-even point.

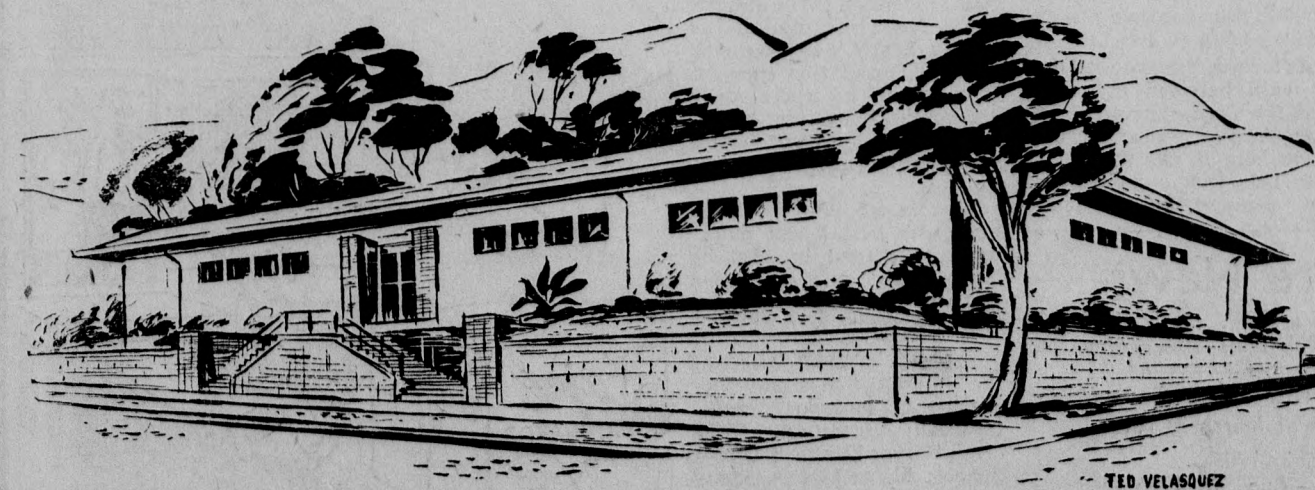

Mr. Skutt said this is an exceptionally fine record, since the salaries of all cafeteria personnel have been paid from cafeteria receipts and not from the general fund, which is normal in many other schools.

The Board's next regularly scheduled meeting is the fourth Monday of March. This date, however, is subject to change.

## Women Painters To Exhibit During March

Women Painters of the West, a group of artists from five western states who have exhibited in many museums here and abroad, will hold one of their outstanding exhibits of the year in the Sierra Madre Public Library, 442 W. Sierra Madre Blvd., during the month of March, according to Julia Barry, president.

The public is invited to attend the opening on Sunday, March 3, from 2 to 5 p.m.

OPEN HOUSE at the new Sierra Madre Hospital, shown above, will be observed from 1 to 5 p.m. Sunday. Several donors have provided funds to equip hospital rooms, including the Civic Club, Mrs. Nora M. Mesecar and Postmaster Charles Louk. The Civic Club provided

funds to establish the nursery; Mrs. Mesecar, a four-bed ward, and Mr. Louk, a two-bed room. Donors also are equipping two other rooms, but details were not available. The sketch of the hospital was done by Ted Velasquez, well-known local artist.

## Garden Notes . . .

### Plant Shade Trees Now By Bare Root Method

Shade trees are highly prized in California gardens—for they improve the landscape of a home, give relief from the hot summer sun and shield patios and other outdoor living areas from strong winds.

If you're planning on planting a shade tree to fill any of the above roles in your yard, the California Association of Nurserymen recommends that you plant now, using the bare root method.

The present dormant state of shade trees allows them to be transplanted with a minimum of risk. But bare root planting must be done before new growth starts on the tree—and that means soon.

It is best to prepare the soil and planting hole before you choose your shade trees. If you have your trees before the hole is dug, make sure you keep the tree roots moist with damp sacks or earth.

**WORK UP** the soil with a spade into a good friable condition. If the soil is heavy or sandy, work in some mulching material, such as peat moss or well-rotted manure. Fertilizer must be used with care, and only with the advice of your nurseryman. Any hard-pan areas in the soil should be broken up, thoroughly so there's good drainage.

Dig the planting hole large enough to allow for root development. Place a mound of soil which you have worked up in the center of the hole, high enough so the tree, sitting on it, will be at the same depth it was in the nursery.

Before you set the shade tree in the hole make sure the roots and branches are in balance. You may need to prune either the roots, the branches, or both, making certain of balance to insure normal growth.

**PLACE THE SHADE** tree on the mound and spread out the roots. Fill around the roots carefully, making sure there are no air pockets and flood the hole to settle the soil. Then fill the hole completely (if it is still not quite full) leaving a watering basin around the base of the tree. Irrigate regularly but

### Friendship Club to Hear Talk on Stained Glass

Herald Stendel, former administrator and writer at the Episcopal Cathedral of Saints Peter and Paul in Washington, D. C., and now community relations director of Hollywood Memorial Park, will talk on "Stained Glass and Symbolism" at a meeting of the Sierra Madre Community Friendship Club at 2 p.m. Monday, March 4.

Some 50 natural color stereopticon slides, chosen to suit the interests of the audience, will illustrate the talk. The slide collection of hundreds represents the photography and research of the lecturer through 30 years, includes examples of notable glass and art objects in the United States and the Old World.

The program gives a brief story of the development of the stained glass idea from ancient mosaics, with related pictures of ensembles, illuminated manuscripts, and frescoes and other medieval and renaissance paintings.

A number of distinctive stained glass windows in the greater Los Angeles area will be projected. Critics have acclaimed the program as unique in its beauty and in the significant educational value of its background information.

Tea will be served after the program by Mrs. Nell McGuire, and Misses Mildred and Grace Webber. A silver collection will be taken to defray expenses.

Members and their guests are invited to attend.

### Life of Our Choice Is Friday's Topic At Jewish Center

Rabbi Charles W. Steckel will speak on "The Life of Our Choice" at the Foothill Jewish Community Center of Temple Beth Israel, Sierra Madre, this Friday evening at 8:30 p.m.

He will touch on the need for organized Jewish life to fulfill a need, in addition to belonging to various organizations which are also necessary. Cantor Salo Blumenthal will assist in the services by chanting the hymns and prayers.

Mr. and Mrs. Charles Lapon of Arcadia will be the hosts at the Oneg Shabbath following the services.

Saturday morning services will be conducted by Rabbi Steckel at 9 a.m.

As this is the Blessing for the New Month, the Junior Congregation will meet at 11:15 a.m. for services. Both Rabbi Steckel and Cantor Blumenthal will conduct these services and be assisted by the children.

### Women to Hear Mission Program

The Women's Fellowship of the Congregational Church will meet March 5 at 10:30 a.m. to hear a presentation of the mission program in Southeast Asia by Mrs. Edwin Howard, chairman for missionary education for the Fellowship of Congregational Women of Southern California and the Southwest. ### Episcopal Women To Discuss Lent At March Meeting

The Woman's Auxiliary of the Episcopal Church of the Ascension will hold its monthly meeting Thursday, March 7 at 10:30 a.m. at the home of Mrs. William Keith, 561 W. Grandview.

Rev. Harley Gibbs Smith, rector, will talk on "A Lenten Rule of Life for Busy People."

In addition to bringing a sandwich for lunch, members are asked to bring one pair of girl's cotton knit underpants, size 14 or 16, to be sent to St. Mary's Mission, Fort Defiance, Ariz.

Also, the women of the parish are reminded that it is time to pay their yearly dues of \$2 to the Auxiliary.

### Congregationalists To Tell Story Of Church Sunday

Members of the Congregational Church will call on their friends and neighbors this Sunday evening to tell the story of the church.

They will meet at the church at 5 p.m. for dessert and coffee and then go make their calls, returning to the church the same evening, to share their experiences.

The program is under the direction of the Board of Deacons of the church, with Eber Thomas in charge.

### Insufficient Polio Vaccine Seen

There will not be enough free polio vaccine purchased with state funds to give protection against paralytic polio to all Californians, it was emphasized again yesterday by Dr. Malcolm H. Merrill, state health director. It is estimated, said the director, that the \$3,000,000 appropriated by the Legislature will provide only enough vaccine to give two inoculations to 2,000,000 persons, which represents one-third of the 6,000,000 unvaccinated Californians under the age of 40, the population of highest polio risk.

The state vaccine, according to Dr. Merrill, will be allocated to local health departments beginning in early March. He pointed out that while vaccination programs will vary among health jurisdictions, the State Health Department has urged that planning include the establishment of local committees, planned promotional programs, active participation of the medical profession and accessible, free, public vaccination clinics.

### Scratch-and-Smear Art?

(Continued from page 1)  
an artist whose work shows discipline and plan. THOUGH MOST of the pictures shown in the Library are of the hit-em-a-lick-and-look-for-the . . . accidents type, in fairness it must be pointed out that there are several notable exceptions that do not conform to this audacious school.

"Trees," by James Cooper Wright, though speedy, shows control.

"Night Call," by Sierra Madrean John Cristenson, is a well organized design probably intended for some practical purpose.

"Letters Toward Experience," by Leonard Edmondson, who is well known here, is comparable to his best from the standpoint of discriminating color which, in this reviewer's opinion, is his strongest talent.

"Reticulation," by Donald Yace I mention because I didn't know the meaning of the word until I looked it up and found it to be expressive. It means arrangement, network. Nice word.

If this piece seems a bit harsh on the poor artists it can be passed off as but one person's opinion. If I am accosted by any of the exhibitors I shall rebut with but one phrase:

"But after all boys, after all."

### FIRE FLAMES

By James Heasley

The boys at the station were discussing fashions. "I see by the paper that the sweater girl is going out," said the one who imagines he should know.

"Yeah, and every night, too. That's why it's so hard to get Joe Grippi to appear here when ya wants 'im," added our seer, Ed Decker.

THIS ONE just came out: 'Twas some time ago that one of our firemen was in the hospital for observation—too much smoke. (He's all right, NOW.) A new nurse was detailed to take care of him.

A few days later, the doc called and asked the nurse: "Have you a chart of this fireman's progress?"

"No, sir," she replied blushing. "but I can let you look at my diary."

Ah, yes, firemen are a heavy breathing lot, and it isn't all smoke.

WE MUST BE preparing for the future, which means that in the not too far future, open burning will be prohibited. Might just as well decide one way or the other. We can't permit accumulations of hazardous materials to clutter up the yards; for more than one reason.

In the first place it is not a pretty scene and the danger far exceeds the looks. Not all fires are dangerous, but if we are to abide by the decisions of those who are conducting the smog control, we can look forward to finding another way of disposing of rubbish, trims and debris other than by open burning. Might begin figuring right away.

THE RECENT stag party financed by the losers of the completed competitive drills was a great success and those few who failed to show up missed much fun and good eats. The firemen are very grateful to Clarence Noshier and his family for the graciousness shown and for their patience in enduring the noise and inconvenience while the party was in progress in the Noshier basement. Even when Tom Solury's shoes suddenly shrunk to a painful size, Clarence Noshier was there and put up with the whining of Tom. Tom little knew at the time that Jimmie Cole had secreted tissue napkins in the toes of the shoes when Tom removed them for a short period.

LET'S SEE how long we can go without a fire. The longer between fires the lower the fire loss.

And so we come to old "in like a lion, out like a lamb" month. Well, I'll tell you I'm not even going to look tomorrow, because I have just been fooled so much. As far as I am concerned, this whole weather calendar has just been put in a bag and scrambled. You buy your summer clothes in January and hope to be able to wear them by July or August. Come August you should be out buying your winter clothes. It just makes me rebel. I'm just not farsighted to know what I am going to want to wear six months in advance and as a result I usually end up six months behind the styles!

MUCH HOUSE warming has been going on up on the hill this last week.

MRS. MARIE WEBSTER had a party for her son and daughter-in-law recently, Mr. and Mrs. Don F. Webster of 1960 Sierra Madre Villa. She invited about 55 friends from surrounding areas. They even had one couple up from Corona Del Mar. There were refreshments served during the evening and a beautifully catered buffet later on. In lieu of a variety of gifts the guests all presented the Websters with a multitude of silver dollars, which I understand they are using to furnish their patio.

AND ALONG those lines, Mr. and Mrs. C. Eugene Page of 3237 Fairpoint were feted on the 16th with a surprise house warming by all of the members of the two Manor Market stores. There were over 45 people in attendance and the guests brought everything from soup to nuts. What's more, they even came in the next day and helped clean up the house. This was a garden gift party and the Pages received any number of garden gift certificates as well as a great many plants.

The Pages just moved into their new home in January. They were formerly from Azusa. They have a 7-year-old son, Mike. Mr. Page is the produce buyer for the Manor Markets.

MRS. GEORGE B. Holmes of 1550 Old House Road had a bridge party last week for Mrs. Alkman Armstrong. Unfortunately, the guest of honor was unable to attend due to the unwieldy cast on her leg. Among those present were Mesdames Robert Mueller, Norman White, Ira Lackey, Jack Paschall, Gardner F. Wilson, Joseph Phillips, F. R. Anderson and E. Marshall Harris.

MR. AND MRS. WARD Clark of 3033 Clameya were hosts to the Community dinner given by the Beta Sigma Phi Sorority, Zeta Delta Exemplar Chapter, on the 16th. There were about 17 guests.

WHO SAID doctors don't get sick? Dr. Jack Paschall Jr., of 1324 Sierra Madre Villa, was sick all last week with, shhhh, the m-u-m-p-s!

THE W. H. DUNNINGS of 3323 Barhite took off with their three children last week for a five-day visit with Mrs. Dunning's parents, Mr. and Mrs. D. W. Love, in Berkeley, Calif.

AND AGAIN, we have new neighbors. Mr. and Mrs. Joseph L. Stenek have just bought and moved into the Engerran house at 1556 Sierra Madre Villa. They have two sons, Larry, 6, and their baby Mark, a year and a half. Mr. Stenek's mother, Mrs. Mary Stenek, is also residing with them. They have been busy since the day they moved in with extensive redecoration. Mr. Stenek is associated with George A. Brakely and Co., a public relations firm, and has been traveling a great deal in their behalf.

Mrs. Gallagher  
Guest of Honor  
At Luncheon

Mrs. Walter M. Gallagher was recently honored at a luncheon party hosted by Mrs. Max Goudge, 1180 Hastings Ranch Dr.

Those in attendance were Mrs. Kenneth W. Christian, Mrs. Gordon S. Templar, Mrs. Oscar J. Kraft, Mrs. John F. McKenna Jr., Mrs. John D. Roberts and Mrs. Donald H. Willumson.

The Gallaghers, with their three children, Walter Jr., Barbara Lynn and Gwen, formerly lived at 1190 Hastings Dr. They left the Ranch to make their home in San Francisco. Mrs. Gallagher visited her local friends en route to Detroit, Mich., where Mr. Gallagher has been assigned a new post.

Certificate Awards Given  
By Recreation Department

Certificate awards serve young budding thespians in duetion clubs, offered by the Pasadena Department of Recreation.

Awards are given, not as performance, or outstanding talent, but as a mark of achievement in working together in a group for the purpose of producing a play.

Because there are so many facets to play production, prompt and regular attendance at rehearsals, memorizing a script, and the responsibility to other members of the cast and to the director, to name a few, the certificate indicates the youngsters' growth at this level.

After local school productions, the student may, upon application and recommendation from his director, apply for membership in the Youth Theater Guild, where all the talents and abilities in drama are developed and stressed, according to the individual.

Such awards have been given at these schools, where drama sessions recently culminated in a play production: The Altadena Drama Club, for their production of "Hansel and Gretel," Madison, for "Little Scarecrow,"

HONORARY LIFE MEMBERSHIPS in the Don Benito PTA were awarded at the recent Founders Day Tea in the school auditorium. Mrs. Sam Rudnick, PTA

president, presents memberships to Miss Grace McFarland, Ralph Gann and Mrs. R. E. Dushman. At right is Mrs. Donald Mortensen, Founders Day chairman.

Little League

Risser to Lead  
Panel Talk  
On Behavior

Joseph Risser, psychologist for Pasadena city schools, will take up eating and bathroom problems of small children in the third of a series of four panel discussions presented by the Hastings Ranch Nursery School at 8 p.m. Tuesday at Trinity Presbyterian Church.

Mr. Risser's talk was arranged under the PCC adult extended day service. Mrs. Linden Cridle is the school's director of parent education. The final meeting of the series will be March 19. The meetings are free and open to the public.

## BROTHERHOOD CHAIRMAN

Whitley C. Collins, president of Northrop Aircraft Inc., has accepted chairmanship of the Ninth Annual Brotherhood Testimonial Dinner of the National Conference of Christians and Jews. This was announced this week by Spiros G. Ponty, president of Ponty-Built Homes Inc., who is general chairman of the organization in Southern California.

as rewarding recognition to the elementary drama production clubs, offered by the Pasadena Department of Recreation.

and the cast of "Dickson Goes to the Fair," produced by the Lincoln Drama Club. Youngsters of the third and fourth grades are given other opportunities to receive recognition, such as in puppet clubs, where they learn to coordinate the manipulation of the marionettes with dialogue.

In story-playmaking classes, which employ the creative techniques, many children have an opportunity to make a presentation to an audience.

## Hastings Teen Times

By Pat Smith  
ELgin 5-1903

Tonight all the mothers and daughters of Wilson get together in the auditorium.

Gwen O'Neil, president of girls' activities committee, will serve as mistress of ceremonies.

The first period speech class, under the direction of Mrs. Ester Cogswell, will present the well-known story, "The Knave of Hearts." There will be three dances that were created by the modern dance group.

The Girls' Glee Club, directed by Miss Lowe, will sing several numbers.

There will be over 100 girls taking part in this affair. The best way to show your appreciation is to show up. See you there at 7:30. It starts at 7:45 but you want to get a seat so you won't miss even a fraction of a minute.

APRIL 14, 15, 16 AND 17 there will be about 800 new faces in Pasadena. These faces belong to the about 800 teenagers that will be here for the music conference.

Now I am sure that you wouldn't want your fellow teenagers left on the street with no place to go. All you have to do is ask your parents if there is room for a few extra kids for a few days. Just make room for sleeping, enough food for breakfast and transportation to PCC in the morning.

Of course those of you that are not fortunate enough to have a couple of chattering teenagers of your own can adopt one or two for a few days.

I expect to get a good report from Mrs. B. N. Howell, SYcamore 3-5271, and Mrs. Jack Hartness, SYcamore 3-1835. These are the people to call for the arrangements. Let's show these kids that Pasadena and Sierra Madre are the most hospitable cities in the U.S.

MERRITH and Cliff Mitchell were supposed to spend last weekend in the sun at Catalina. Well, it did not work out quite that way. Friday morning at 8 they left the mainland in their 16-foot cabin cruiser, Haze, for Catalina. It was real smooth going over and they landed at about 9:30.

Merrith and Cliff thought it was much too cold to go swimming but Mr. Mitchell went in anyway.

Friday evening at about 5, just as Mrs. Mitchell was fixing dinner, it started to rain. They ate their dinner in the rain and slept in the rain.

Well, you can bet that the next morning when there was a brief clearing they left for the mainland as fast as they could. It was a really rough trip back and they were all sick. Their biggest job was to stay in the boat, it was so rough.

ELgin 5-2015

Hi! The vacation was really wonderful, according to all the kids. They certainly seemed to make the most of it.

Many students from Marshall joined other guys and gals from Wilson, Eliot, Washington, La Canada and McKinley to see the important basketball game last Thursday at Pasadena High School. The game, of course, was held between Muir and Pasadena High. Some of the Marshallites and former Marshallites who saw the exciting game were:

Andrea Vingoe, Toddy Draeger, Barbara Brown, Joanne Floyd, Paula Davis, Judy Walther, Lynn Seymour, Kathleen Osborne, Tom Ortmann, Diana Clark, Kathleen Dinwiddie, Janet Floyd, Marilyn Hodges, Pamela MacLean, Ginnie Retting, Linda Rice, Diana Room, Sandra Rippee, Barbara Thomas, Barbara Wells, yours truly, and many others.

A dance followed the game, which proved a lively, happy affair, even though we had lost the basketball game by one point a short time before. We all feel sure that we'll win the next time. Cookies and soft drinks made up the refreshments, which disappeared before the evening was over.

MISS KNIGHT'S Dance classes gave a delightful performance for our assembly last Thursday in the Marshall auditorium. The program was about the founding of the Statue of Liberty. Miss Knight's dancers represented various nationalities and, among others, showed us the Irish jig, Israeli dance, Italian dance and the Polka. The students who took part in the fine performance were:

Israeli dance: Karen Forsberg, Nancy Brown, Nancy Grizzle, Carol Rudolph, Jean Hoffman, Suzanne Edgeman, Audrey Sussman, Georgia Ruge, Louise Lauder, Sandra Burr, Sally Daisy, Linda Green, Sharon Mathewson, Sharon Schrank, Alicia Swaim, and Sherry Weber.

Irish jig: Leslie Simmons, Judy Mortensen, Susie Sparer, Susie Tangen, Susie Harris, Dixie Grievie, Toddy Draeger, Dianna Duke and Gail Kimble.

Italian dance: Chris Crawford, Sarah Bolar, Marcia McMann, Barbara Brown, Betty Zook, Sharyn Rountree, Carole Rees and Karen Warren.

Polka: Kathryn Haley, Mary Kennedy, Ann Pearson, Sharon Swinney, Sheila Dickson, Sue Roemis, Pat Morris and Jeri Webber.

there to relax. All their meals were eaten out.

I SEEM to hear about parties and people going somewhere too late to put it in, so when you have to go anywhere or do anything give me a buzz.

Flags Handled  
By Field Scouts

The "good neighbor" task of displaying Sierra Madre's flags downtown the morning of Washington's Birthday and then taking them down at sundown was undertaken by a group of Eugene Field Boy Scouts of Troop 377.

Boys taking part were Jimmy Bohman, Timmy Doyle, Roger Shanks, Jack McConaghy, Dean Lingren and Martin Smith, with assistance from fathers Don Lingren, Norman Shanks and Chris Bohman.

Alpha Delta Pi  
Alumnae Slates  
Fashion Show

To benefit the Speech and Hearing Clinic at the University of Southern California, Alpha Delta Pi of the Pasadena area is collaborating with other alumnae groups in sponsoring a dessert-fashion show March 9 at 11:30 in the Blossom Room at the Hollywood Roosevelt.

Mrs. James Reeves, 3289 George Circle, Pasadena, is taking reservations. Other Pasadena alumnae aiding in planning the event are: Mmes. William Johnstone, Pasadena Juniors, assistant chairman; Eugene L. Carney Jr., who will model, and Edwin Steen, past area president, is a member of the models committee.

Dr. Victor Garwood of the Speech-Hearing Clinic at the university will be introduced. Fashions by Irene Sommers will be modeled by Alpha Delta PIs. Complete ensembles to be previewed will aid Alpha Delta members in choosing wardrobes for their forthcoming cruise to Nassau in the Bahamas where the international sorority will hold its convention at Emerald Beach Hotel, in June. Fashions for the younger set will be modeled by children of sorority members. Mrs. James Crane Lewis will be commentator.

Mrs. Dale Greenwald, westside alumnae, is general chairman. Captains for their respective areas include: Mmes. James Lefler, San Fernando, models; Robert Jones, Long Beach, cruise theme decorations; Hugo Burns, Glendale-Burbank, donations and philanthropy, and Reeves and Steen.

Miner Family  
In Limelight

Mrs. Nathan Miner, 1115 Tropical, was the lucky winner of a 1957 Pontiac in a drawing at the recent Valentine Dance sponsored by the Foothill Jewish Community Center.

Those friends and neighbors watching the TV show, "Noah's Ark," last week were pleased to see Dr. Miner's name flashed on the screen as technical adviser for the play. Dr. Miner is a veterinarian practicing in Altadena.

Scads of Grownups Needed  
To Make Little League Click

By Charles Ayres

Believe it or not, some people don't care about baseball whether boys, girls or grown men are playing it. Such being the case, a guy like me should provide a variety of subjects to espouse, say like bull fighting, for example.

But, here we go again on boys' baseball for two reasons: (1) The subject is most timely, and (2) the old well finally ran dry.

Such being the case let it be known that the "Ides of March" will have hardly had an opportunity to idle before we're in up to our ears again. As noted elsewhere on this page, a mass meeting will be held tonight at Don Benito Cafeteria to be followed closely by tryouts on successive Saturdays.

THESE ITEMS are of prime importance if you have a 9-to-12-year-old boy who aspires to get his exercise on a Hamilton Park ball diamond, or if you like boys and/or baseball.

It used to be claimed in the Army (no doubt to justify the large budget demands) that it took 10 men in service units to back up the one man on the front lines.

The ratio isn't nearly that great in Little League baseball, but it takes scads of people (male and female) to perform the necessary functions ranging from ground maintenance and

coaching to score keeping and umpiring. You don't have to have a boy participating to help out yourself and, as a matter of fact, you are probably better off if you don't.

BOY BASEBALL in Hastings Ranch is a community project and there is a need for you no matter what your talents and inclinations may be. For those with a yen for coaching or managing let it be known that there are lots of openings, which also applies to every job in the entire organization.

As mentioned last week, 8-year-olds are getting the fast shuffle this year, by necessity. The tryouts are for boys 9 to 12 years old who were not members of a major team last year or who have moved into the neighborhood.

Two entire 15-boy major squads must be selected from these tryouts as well as replacing the average of five graduates from the existing teams, so it wouldn't be a bad idea for the aspirants to start unlimbering the old arm right now.

### Too Much Milk May Cause Poor Eating Habits in Child

By Roy O. Gilbert, M.D.  
Los Angeles County Health Officer

A child who regularly lacks interest in food at mealtime creates a family crisis, because a healthy child should be hungry and willing to eat a variety of foods at the table. When he fails to do so, steps should be taken to discover the reasons for this lack of normal appetite. The underlying cause may not be serious and yet, on the other hand, it might be.

Such a youngster should first be examined by a physician to determine whether the reluctance to eat is caused by ill health. In most cases, experience has shown that the trouble is not due to a physical ailment but rather to poor dietary habits, which, as often as not, are no real fault of the child.

It sometimes happens that a mother has merely failed to practice the easily learned skills of preparing the proper foods in ways that are attractive. In these cases it is simply a matter of keeping the portions child-size, including chewy foods as well as soft ones on the menu, serving items such as meat in ready-to-eat bite sizes and arranging the food attractively and colorfully on the plate.

FURTHERMORE, if dinner-time comes during a favorite TV program, meals may be served to a child where the program can be enjoyed along with his food. Many wise and intelligent parents long ago discovered that there is no sound reason for criticizing such a practice.

As numerous mothers can testify, however, the problem of finicky eaters is rarely resolved so easily. If rejection of food continues, the worst error a mother can make is to fall back in desperation on teasing, bribing, or threats of punishment.

There is no single bit of advice that is applicable to all cases, but recent articles published in *Today's Health* and the *Journal of the American Medical Association*, drew attention to one common reason for a child's lack of appetite at mealtime.

Some children, the articles pointed out, are especially fond of milk. When this is so, there is a tendency to let them have a glass whenever they snack between meals. This can result in abuse of what is sometimes called the most important single food. Milk served at every snack period, it is stated,

may provide the child's caloric needs for the entire day and satiate his appetite completely.

BUT, IT IS a false notion that a child can drink enough milk to fulfill his daily nutritional requirements. It has been established by research workers in nutrition that, due to American eating practices, this can only be obtained by eating a wide variety of foods.

Generally, it is recommended that each child up to 10 years of age drink about one and one-half pints to one quart of milk daily. More should be permitted only when it in no way interferes with a desire to eat other essential foods.

The substitution of fruit juices for milk at a child's snack time and limiting the total intake of milk to the minimum requirement can often solve a mealtime eating problem that has previously seemed hopeless of solution.

Faulty eating patterns are not established overnight, nor can they be overcome in haste. For that reason, changing the nutritional habits of a child can be expected to require plenty of time well mixed with patience and perseverance.

Further information on the general subject of nutrition for children may be obtained by addressing a request to the Health Education Division, County Health Department, 241 N. Figueroa St., Los Angeles 12.

## Desert in Bloom...

Color, Floral Spectaculars  
Spell March in Southland

March brings new color to the Southland, with a wide variety of floral spectaculars, in the foothills, on the desert and in the coastal plains, according to the All-Year Club's March Events Calendar, out today.

There will be wildflowers in Kern County, desert wildflowers in Riverside and San Bernardino Counties, apricot orchards in bloom in Beaumont and Banning, the annual almond festival in Antelope Valley, garden tours in Santa Barbara and Pasadena, camellia festivals and the annual California International Flower Show.

Blooming of the wildflowers in Kern County depends largely upon the weather, but advance indications are that this will be a "normal" year, meaning that along the Grapevine, near Arvin, and on the road to Tehachapi great blankets of color—golden poppies, purple lupine blue brodiaea—will be seen from the road.

AT QUARTZ HILL, in the Antelope Valley, the 8th Annual Almond Blossom Festival will be held March 10, with a parade, carnival, coaster derby, queen contest. The Festival usually coincides with the blossoming of the almond orchards in the area.

Descanso Gardens in La Canada will hold its third annual camellia festival March 2 to 10. At this time, most of the 48,000 camellias—greatest collection in the world—will be at peak bloom.

The California International Flower Show will be held March 16 to 24 in Hollywood Park, Inglewood. This is one of the outstanding flower shows in the nation.

Laguna Beach will hold its annual Festival of Flowers March 30 and 31, with unusual displays at the beach colony's Women's Club House.

SPECIAL TOURS, particularly for school children, will be conducted during March at the Los Angeles State and County Arboretum in Arcadia. Of special interest are the "jungle," the Queen Anne Cottage, and the unusual geographic arrangements of trees, shrubs and flowers, grouped according to the foreign country where they originated.

First of the weekly (Friday) Santa Barbara Garden tours will be held March 15, starting at 2 p.m. and including beautiful estates in the Santa Barbara and Montecito areas.

And the first of three weekend two-day tours of Pasadena estates, sponsored by the Girl Scouts, will be held March 30 and 31. The next two are on April 6 and 7, and April 27 and 28.

At the peak of orange blossom time, the 42nd annual National Orange Show will be held in San Bernardino March 14 to 24. Great masses of fresh oranges and lemons are used to make colorful displays, much like flowers are used for floats at the Pasadena Tournament of Roses. Other features include a lemon pie and orange cake baking contest.

## Seafood Tavern To Open Daily

Beginning next Monday, the Seafood Tavern, Foothill and Rosemead, will be open seven days a week for lunch and dinner, Robert Eddy, owner, announced.

To serve Monday customers, the Seafood Tavern has extended its buying of fresh-

caught fish, shellfish, and other seafood to seven-day-a-week service. Items not available locally will be flown in daily. The new Monday opening marks the third major operative change in recent years for the Seafood Tavern.

SHOW THIS TO YOUR  
HUSBAND!

Tell him it's you without an electric clothes dryer—caught in the old "Monday morning squeeze" after you've stooped, stretched and strained to pin up another wash, and now feel like a washrag yourself.

Tell him the cure: a shiny new electric dryer. It saves you the lifting and bending and dependence on the weather. It saves clothes—they dry fluffier, cleaner and fresher smelling. They last longer, too.

Tell him it has to be an electric dryer, of course. Because it's so safe. Because you simply plug it in. And because it costs less to buy! (Electricity is your biggest bargain in modern living.)
